

# HNC Volunteer Survey

Hands in the Community (HNC) has asked the members of our church to become involved in responding to both individual and family needs. Our church has agreed to partner with this ministry. The purpose of HNC is to provide an efficient network of services that respond to the needs of people in our community and our church community.

Our objective is to assist families to care for themselves and their children. Nearly half of those who will be served by the program are children; most have no church affiliation and profess no religious background. A distinctive of HNC is the Christian character and spirit of the organization and intention.

The goal is to minister to people with the Gospel of Jesus Christ, regardless of race, color or creed. Your personal involvement is what is required to meet the goal of assisting families in the greater Visalia area and ministering with the Gospel of Jesus Christ.
